Do you have your guitar? Can we get you one? I don't know do something a couple things that can bring some joy. I'm not thinking about it or are you kind of friend who doesn't do those things? What's my birthday? How about my mothers name? Do you know that?

Our pilot stated on eve we took off that it's a mess in that area and that we will figure it out when we get there. Weather is part of it. Good news is you have to land somewhere

8/4/2024 5:35:29 PM

██████████ Jamey Heath (Owner)  
Too much to text. I've hired a crisis management team.  
Costing 9million dollars.  
Also our pr team. Just have to manage every land mine  
so it doesn't go off. And there's just so much to it. Also  
aside from that, there's this wonderful thing we did as you  
said but it's hard to celebrate because of the land mines.  
Everyday is different.  
But I hope I land in New York so I can say that I beat you  
yet again  
8/4/2024 5:38:23 PM

+██████████ Andy  
Loved "Too much to text. I've hired a crisis

Most important thing I said was..  
  
I hope I get to land in New York so I can say that I beat  
you yet again.

8/4/2024 5:41:29 PM

██████████ Jamey Heath (Owner)  
I land in 4 hours. Plus I land in Newark. Plus I might have  
dated the pilot so I have some influence. Yeah... I feel it.  
We're landing in Newark and I'm gonna win again.  
8/4/2024 5:43:01 PM

██████████ Andy
